

Clean, fast websites for local businesses — built in days, not months. teamground.work

How It Works

1	2	3	4	5
Tell us what pages you need	Pay 50% to get started	Send us your content	Review and approve	Pay the balance, go live
We'll quote you an exact price. No estimates, no ranges — a single number.	Work begins as soon as deposit is received. Most sites are live within 1–2 weeks.	Logo, photos, and any text you want included. We'll help clean it up and make it look great.	You get 2 rounds of revisions included. We don't launch until you're happy.	Final 50% is due on launch day. Your site goes live the moment payment clears.

Page Pricing

\$600	\$300	\$900	Free Quote
Home Page	Every Other Page	3-Page Minimum	Ask Us

The Home page is \$600 because it's your most important page — it does the heavy lifting with a hero section, service overview, trust signals, testimonials, and call-to-action. Every other page is a flat \$300.

COMMON PAGES & WHAT THEY DO

PAGE	PRICE	WHAT IT DOES FOR YOU
Home Page	\$600	Your most important page. First thing visitors see. Includes a hero banner with your tagline, a summary of your services, why customers choose you, and a clear call-to-action (call us / get a quote). This page does the selling.
Services Page	\$300	A detailed breakdown of everything you offer — each service with a description, what's included, and what customers can expect. Helps visitors understand your full range before they call.
Individual Service Pages	\$300 each	One focused page per service (e.g., 'AC Repair', 'Water Heater Installation'). Great for SEO — Google can match each page to a specific search. Recommended for businesses with 4+ services.

About Page	\$300	Your story, your values, how long you've been in business, and why customers should trust you. Puts a face to the name. Customers decide who to call based on this page.
Contact Page	\$300	A dedicated page with your phone number, email, service area, business hours, and a contact/quote form. Every lead that comes through your site comes through this page.
Gallery / Photo Page	\$300	A visual portfolio of your work — before/after photos, completed projects, job-site photos. Lets your work speak for itself before a customer ever calls.
FAQ Page	\$300	Answers to the most common questions customers ask before booking. Reduces back-and-forth, builds confidence, and helps with Google search rankings for question-based searches.
Service Area Page	\$300	Lists the cities, towns, and zip codes you serve. Helps you show up in searches like '[service] in [city]' for every area you cover. Recommended if you work across multiple cities.
Meet the Team Page	\$300	Photos and short bios of your staff. Puts faces to the business — customers feel more comfortable letting someone into their home when they know who's coming.
Testimonials / Reviews Page	\$300	A dedicated page for customer reviews and testimonials. Social proof in one place. Can pull in Google reviews or display quotes from past customers.
Blog / Tips Page	\$300	Helpful articles about your service area (e.g., 'How to spot a roof leak' or '5 signs your AC needs service'). Builds trust, keeps your site active, and improves Google rankings over time.

Example Builds

PACKAGE	PAGES INCLUDED	TOTAL
Lean Starter	Home + Services + Contact	\$1,200
Standard Business	Home + Services + About + Contact + Gallery	\$1,800
Full-Featured	Home + 3 Service Pages + About + FAQ + Service Area + Contact	\$2,700
Premium	Home + 5 Service Pages + About + FAQ + 2 Service Areas + Team + Contact	\$3,900

Monthly Plans — Keeping Your Site Running

After your site launches, a monthly plan keeps it live, secure, and performing. Choose the level of support that fits your needs.

PLAN	PRICE	WHAT'S INCLUDED
Maintenance	\$125 – \$175/mo	We keep your site live, safe, and up to date. Includes Netlify hosting, SSL certificate (the padlock in your browser), uptime monitoring, all security and software updates, minor text and photo edits on request (up to 1 hour per month), and a monthly uptime report. Most clients choose this — it's peace of mind for less than a tank of gas.
Growth	\$300/mo or \$500/mo	Everything in Maintenance, plus active Google presence management and SEO. Price depends on how aggressively you want to grow: \$300/mo — 1 Google Business Profile post per month, responses to all new Google reviews, monthly SEO refresh (meta titles & descriptions), monthly keyword ranking report. \$500/mo — Everything above, plus 2–3 GBP posts per month, proactive review generation strategy (we give you messaging to send to happy customers), deeper monthly SEO work (page copy optimization, keyword expansion), and quarterly competitor keyword gap analysis. Best for businesses actively trying to grow their market share.
Local Presence Add-On	\$49/mo + \$99 setup	Most homeowners don't Google for a service company — they ask their neighbors on Nextdoor. This add-on sets up and manages your Nextdoor Business page: monthly neighborhood posts, monitoring for recommendations, and responding to messages. Gets you in the conversations happening in your area.

If you cancel your monthly plan, your site will go offline. A \$250 migration fee applies if you'd like the site files transferred to a new host.

Add-On Services — Pick What You Need

These are optional extras you can add to any build. Nothing is bundled in unless you choose it.

ADD-ON	PRICE	WHAT YOU GET
Logo & Brand Identity	\$300 – \$600	A professionally designed logo and brand kit — color palette, fonts, and logo files in all formats (PNG, SVG, PDF). If you don't have a logo yet, this is the place to start. Delivered before the site launches.
Google Business Profile Setup	\$200 – \$350	Your Google Business listing is the card that appears when someone searches your business name or '[service] near me' on Google Maps. We create or claim your listing, add photos, write your description, set your service list and hours, and get it fully verified. High visibility, fast results.
SEO Foundation Package	\$400 – \$700	Makes your site as findable on Google as possible from day one. Includes keyword research for your service area, meta titles and descriptions written for every page, schema markup (structured data that tells Google exactly what your business offers), and sitemap submission to Google Search Console.
Booking / Scheduling Integration	\$300 – \$500	Connects an online booking tool to your site so customers can schedule appointments without calling. Options include Calendly, Square Appointments, or Acuity Scheduling. You set your availability — customers book themselves, and you get a notification.
Google & Meta Ads Setup	\$400 setup + 10–15%/mo of ad spend	Paid advertising that puts your business at the top of Google search results or in front of Facebook and Instagram users in your service area. You set the budget — we build the campaigns, write the ads, and manage performance monthly. Best for businesses that want leads fast.
Domain Registration & Setup	\$50 – \$75	Don't want to deal with buying a domain? Tell us the name you want (e.g. yourbusiness.com) and we handle everything — purchase, registration, and full DNS setup connected to your site. No GoDaddy account needed, no technical steps. If you don't add this: you'll need to purchase your own domain through GoDaddy or Namecheap (typically \$12–\$15/year), then send us your domain name. We handle all DNS connection at no extra charge — but the purchase and account are yours to manage.
Rush Delivery	+25% of build fee	Need your site live in under 2 weeks? This fee moves your project to the top of the queue. Standard turnaround is 1–2 weeks; rush delivery guarantees priority scheduling.

Good to Know

Revisions	Every build includes 2 rounds of revisions. A revision round is one consolidated list of changes submitted at one time — not individual requests spread over days. Additional rounds are \$75/hour.
------------------	---

Content Deadline	We need your logo, photos, and text within 14 days of signing. If content isn't received by then, a \$200 delay fee applies and the timeline adjusts accordingly.
Ownership	You own all the content on your site — your text, photos, and copy are yours. The underlying code and design belong to Groundwork Studio until the build fee is paid in full.
Cancellation	You can cancel your monthly plan at any time with 30 days written notice. Your site stays live through the end of the notice period. The final month's retainer is due in full.
Domain	You have two options: (1) Add our Domain Registration & Setup service (\$50–\$75) — just tell us the name you want and we buy and connect it for you. (2) Purchase your own domain through GoDaddy or Namecheap (\$12–\$15/year), then send us the domain name — we handle all DNS setup at no charge. If you go with option 2, we will need the domain name from you before we can launch.
