

Groundwork Studio

Client Pricing Guide

Clean, fast websites for local businesses — built in days, not months. teamground.work

How It Works

1	2	3	4	5
Pick Your Tier	Pay 50% to Start	Send Your Content	Review & Approve	Pay Balance, Go Live
Choose a tier that fits your business size and budget. Tiers set the baseline — you can customize from there.	Work begins as soon as deposit is received. Most sites are live within 1–2 weeks.	Logo, photos, and any text you want. We help clean it up and make it look great.	2 rounds of revisions included. We don't launch until you're happy.	Final 50% due on launch day. Site goes live the moment payment clears.

Site Tiers — Your Starting Point

Our tiers are baselines, not boxes. Each tier defines a typical set of pages and a starting price. You're not locked into any tier — clients can add, remove, or swap pages to build exactly what they need. A custom quote is always available.

TIER 1	TIER 2	TIER 3	TIER 4
Foundation	Standard	Full Custom	Enterprise
\$1,200	\$1,750	\$2,500	\$3,500+
+ \$125/mo	+ \$150/mo	+ \$175/mo	+ \$200/mo
Home · Contact + Scheduling Services Overview · Areas We Serve	Tier 1 + About · Gallery Reviews · FAQ	Tier 2 + Service Detail Pages Financing · Emergency · Specials	Tier 3 + Blog · Online Booking Deep SEO · 15+ pages
<i>Best for: New businesses needing an immediate presence</i>	<i>Best for: Growing businesses building trust online</i>	<i>Best for: Established businesses with full info needs</i>	<i>Best for: Maximum digital presence, market leaders</i>

You don't have to follow a tier exactly. Tiers are starting points — baselines that set a typical page count and price. You can mix and match pages from any tier, skip pages you don't need, or add pages from a higher tier. Tell us what you're looking for and we'll build a custom quote around it.

Pages Menu — Pick What Goes On Your Site

Every page below can be added to your site. Pages marked as included come standard in Tier 1. Additional pages are priced individually — or use a higher tier for a better bundled rate.

PAGE	INCLUDED IN	WHAT IT DOES FOR YOU
Home Page	All Tiers	Your most important page. Hero section, services overview, trust signals, testimonials, and call-to-action. This page does the selling.
Contact + Scheduling	All Tiers	Phone, email, service area, hours, and a contact/quote form. Schedule Service button included. Every lead from your site comes through here.
Services Overview	All Tiers	A full breakdown of everything you offer — each service with a description and what customers can expect. Helps visitors understand your range before they call.
Areas We Serve	All Tiers	Lists the cities, towns, and zip codes you serve. Helps you rank for '[service] in [city]' searches across every area you cover.
About Page	Tier 2+	Your story, values, and how long you've been in business. Customers decide who to call based on this — puts a face to the name.
Gallery / Photo Page	Tier 2+	Before/after photos and completed project shots. Lets your work speak for itself before a customer ever calls.
Reviews / Testimonials	Tier 2+	A dedicated page for customer reviews and testimonials. Social proof in one place. Can pull in Google reviews or display quotes from past customers.
FAQ Page	Tier 2+	Answers to the most common questions customers ask before booking. Reduces back-and-forth, builds confidence, and helps with Google search rankings.
Service Detail Pages	Tier 3+	One focused page per service (e.g., 'AC Repair', 'Water Heater Installation'). Great for SEO — Google can match each page to a specific search. Recommended for 4+ services.
Financing Page	Tier 3+	Explains your payment options, financing plans, and application process. Removes the 'I can't afford it' objection before a customer even calls.
Emergency / Specials	Tier 3+	24/7 emergency contact page and/or a current deals and specials page. Drives urgency and captures customers in high-stress moments.
Blog / Tips Page	Tier 4	Helpful articles about your service area. Builds trust, keeps your site active, and improves Google rankings over time. Best for businesses investing in long-term organic growth.
Online Booking	Tier 4	Customers schedule appointments directly on your site — no phone tag. Integrates with Calendly, Square Appointments, or Acuity. You set availability, get instant notifications.

Monthly Plans — Keeping Your Site Running

After launch, a monthly plan keeps your site live, secure, and performing. Monthly rates scale with your tier — a larger site has more to manage, update, and monitor.

PLAN	PRICE BY TIER	WHAT'S INCLUDED
Maintenance	T1: \$125/mo T2: \$150/mo T3: \$175/mo T4: \$200/mo	Keeps your site live, safe, and up to date. Includes Netlify hosting, SSL certificate, uptime monitoring, security and software updates, minor text and photo edits on request (up to 1 hour/month), and a monthly uptime report. Most clients choose this plan. Peace of mind for less than a tank of gas.
Growth	T1: \$275/mo T2: \$300/mo T3: \$350/mo T4: \$425/mo	Everything in Maintenance, plus active Google presence management and SEO. Includes 1–3 Google Business Profile posts/month, review response, monthly SEO refresh (meta titles & descriptions), keyword ranking report, and for higher tiers: proactive review generation strategy, page copy optimization, and quarterly competitor keyword gap analysis. Best for businesses actively trying to grow market share.
Local Presence Add-On	\$49/mo + \$99 setup	Most homeowners don't Google for a service — they ask neighbors on Nextdoor. This add-on sets up and manages your Nextdoor Business page: monthly neighborhood posts, monitoring for recommendations, and responding to messages. Add to any plan. Same price regardless of tier.

If you cancel your monthly plan, your site will go offline. A \$250 migration fee applies if you'd like the site files transferred to a new host.

Add-On Services — Pick What You Need

Optional extras you can add to any tier. Nothing is bundled in unless you choose it.

ADD-ON	PRICE	WHAT YOU GET
Logo & Brand Identity	\$300 – \$600	A professionally designed logo and brand kit — color palette, fonts, and logo files in all formats (PNG, SVG, PDF). Delivered before the site launches.
Google Business Profile Setup	\$200 – \$350	We create or claim your Google Business listing, add photos, write your description, set your service list and hours, and get it fully verified. High visibility, fast results.
SEO Foundation Package	\$400 – \$700	Keyword research, meta titles and descriptions for every page, schema markup, and sitemap submission to Google Search Console. Makes your site findable from day one.

Booking / Scheduling Integration	\$300 – \$500	Connects an online booking tool (Calendly, Square Appointments, or Acuity) so customers can schedule without calling. You set availability — customers book themselves.
Google & Meta Ads Setup	\$400 setup + 10–15%/mo of ad spend	Paid advertising at the top of Google or in front of Facebook/Instagram users in your area. You set the budget — we build, write, and manage the campaigns. Best for fast leads.
Domain Registration & Setup	\$50 – \$75	We handle domain purchase and full DNS setup — no GoDaddy account needed. Or buy your own domain (\$12–\$15/yr via GoDaddy/Namecheap) and we connect it at no charge.
Rush Delivery	+25% of build fee	Site live in under 2 weeks. Moves your project to the top of the queue. Standard turnaround is 1–2 weeks.

Good to Know

Revisions	Every build includes 2 rounds of revisions. A revision round is one consolidated list of changes submitted at one time — not individual requests spread over days. Additional rounds are \$75/hour.
Content Deadline	We need your logo, photos, and text within 14 days of signing. If content isn't received by then, a \$200 delay fee applies and the timeline adjusts accordingly.
Ownership	You own all the content on your site — your text, photos, and copy are yours. The underlying code and design belong to Groundwork Studio until the build fee is paid in full.
Cancellation	You can cancel your monthly plan at any time with 30 days written notice. Your site stays live through the end of the notice period. The final month's retainer is due in full.
Domain	Option 1: Add Domain Registration & Setup (\$50–\$75) — we buy and connect it for you. Option 2: Buy your own via GoDaddy/Namecheap (\$12–\$15/yr) and send us the domain name — we handle all DNS setup at no charge. You manage the account.
Custom Quotes	Tiers set the baseline — but you're not locked in. Mix and match pages from any tier, skip what you don't need, or go above. Contact us and we'll put together an exact number.
